TEJAS EJ group is looking for shelter-in-place guides for neighbors that need them. Superfund knows? If not, one of the Houston are jurisdictions or citizens advisory panels may. Let me know and I'll contact someone in Houston if needed.

Yvette is looking for an EPA shelter-in-place guide in Spanish for communities. I did a quick search and did not find anything. Do you know if such thing exists?

Hey Paula,

We down here in Houston are looking for an EPA shelter in place guide from the EPA. Do you guys have one I have been searching?

Thank you so much!!
